Subject: Re: WY Rec UAA

Good morning Sandie,

I left a message on your cell phone voice mail a short while ago. Amber and I are available anytime today or tomorrow for a call to review our concerns. Would it make sense to schedule a call in advance? Please let me know what would work best for you. I am also available later in the week if we are unable to arrange a call either today or tomorrow.

The August 20, 2014 decision document signed by WQD Administrator Kevin Frederick states that: "The categorical redesignation of streams in the state shall also be submitted to the U.S. Environmental Protection Agency for approval as revised water quality standards for Clean Water Act purposes."

Can you tell me if WY DEQ has formally submitted its revised water quality standard for EPA review under 40 CFR 131.21?

Thank you.

Dan

Hi Dan,

Karen Hamilton sent me an e-mail yesterday letting me know that you had called and are interested in a meeting to discuss the WY Rec UAA. Feel free to give me a call in this regard. I'm in the office today and on Monday; so, these are the best days to catch me. I'm traveling some next week but can be easily reached via e-mail.

**Thanks much,
Sandie**
